Innovative *GelSprinter*TM Colour Technology: Fast & Affordable Printing

A new and innovative concept for colour printing has arrived. Ricoh's new *GelSprinter*TM devices deliver the ultimate solution for fast and profitable colour! The AficioTMGX 3000 and GX 3050N/GX 5050N provide your office with excellent quality prints and high productivity, all thanks to the revolutionary *GelSprinter*TM technology!

*GelSprinter*TM

- low Total Cost of Ownership
- colour virtually as affordable as black and white printing
- high speed colour and black and white printing
- fast automatic duplex function
- consistently high quality A4 colour prints
- ultra quick drying, waterproof and sunlight resistant prints

In addition, these *GelSprinter*TM models come with excellent network capabilities* and offer easy set up, operation & maintenance.

* Optional for GX 3000.

Print in Colour & Save with Level ColorTM mode

Add colour to your daily office tasks without worrying about the cost. With the unique *GelSprinter*TM Level ColorTM mode, you can produce quick colour prints at almost the same cost as black and white prints. While black text is printed at normal thickness, up to 50% less Liquid GelTM is used to print colour images in the same document.

The ultra fast drying Liquid GelTM ensures crisp printing on normal paper.

Maximum Uptime & Productivity Without Hassle

These *GelSprinter*TM models are easily installed and linked to your PC or network*. You will be conveniently notified of their status via your PC. They are also virtually maintenance free, just add paper and change cartridges when needed, that's it.

* Option for the GX 3000.

GelSprinter™ Features for a low Total Cost of Ownership

- B/W and colour prints at almost the same cost (with unique Level Color™ mode)
- four separate cartridges for extra cost efficiency
- pre-installed long lasting print heads which are not attached to the cartridges
- easy paper saving thanks to automatic duplex function
- low power consumption
- no replaceable parts
- practical counter function

Fast Print Results

- first print out in 6 to 8.5 seconds
- colour and B/W prints at up to 30 ppm (up to 29 ppm for the Aficio™GX 3000/GX 3050N)
- automatic duplex printing in record time thanks to fast drying Liquid Gel™

Your everyday print workload done at record speed!

Impressive Output

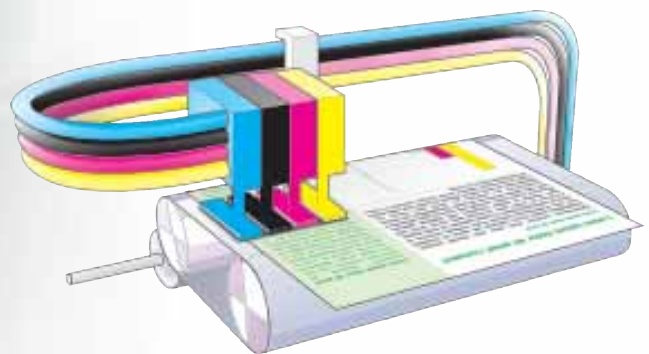

- produce impressive colour documents for high impact
- vivid prints and stable paper handling guaranteed
- no need for expensive special paper

Full colour brochures, newsletters, presentations, proposals, reports, invoices, envelopes... any regular office application can be printed.

The optional multi-bypass tray easily handles thick paper up to 255 g/m².

Practical LCD panel for straightforward operation.

The hi-tech electrostatic belt transfer system guarantees stable paper handling.

Save on operating costs: when one colour runs out, you only replace that cartridge. Full front access: simply take out the empty cartridge and put in a new one. Refilling paper is just as easy.

Kind to the Environment

Apart from their low power and paper consumption features, the Aficio™GX 3000 and Aficio™GX 3050N/GX 5050N run very quietly and use toxic free materials only.*

* In compliance with EU RoHS directive (RoHS: Restriction of Hazardous Substances, effective from July 2006).
